LIGHT UP

Light Up proposes to generate lighting for over 900 homes, Luna Park, the Palais Theatre, the Esplanade, and the St Kilda Foreshore. Our scheme integrates solar, wind, plant fuel-cell energy harvesting and battery storage seamlessly within the landscape of St Kilda.

Palais Theatre | Hotel | Playground | Solar & Wind Energy Harvesting | Cultural Centre | Connection to Jacka Boulevard

Luna Park | Turf Microbial Fuel Cells | Carpark Passive Ventilation & Daylighting | Palais Theatre | Hotel & Rooftop Garden | Solar & Wind Energy Harvesting | Pedestrian Bridge across Jacka Boulevard
