

TRIANGLE GARDEN

EXISTING LANDSCAPE

A public car park in the heart of St.Kilda and right next to many iconic buildings.

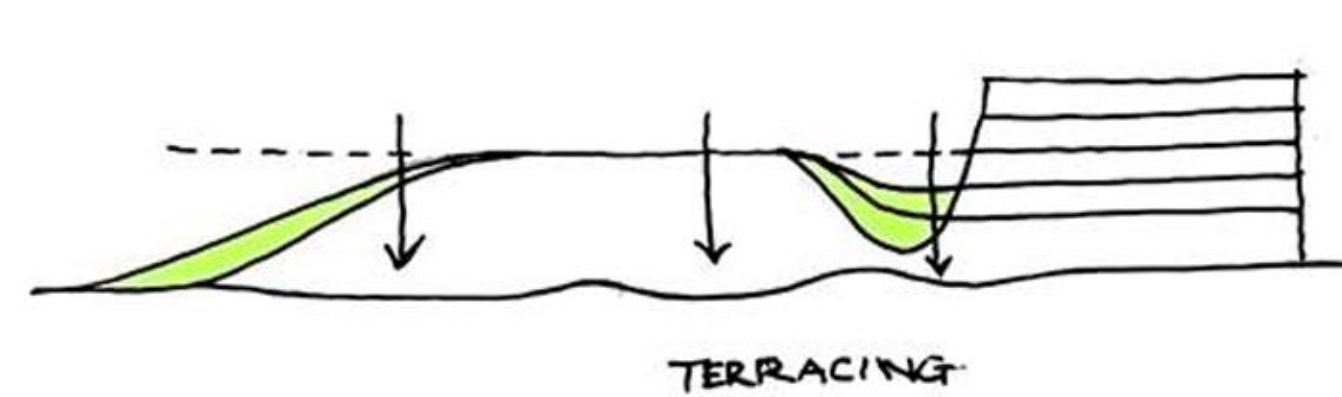

- Belong to the public
- Car park for visitors and community
- Access to the beach

PROPOSAL DESIGN

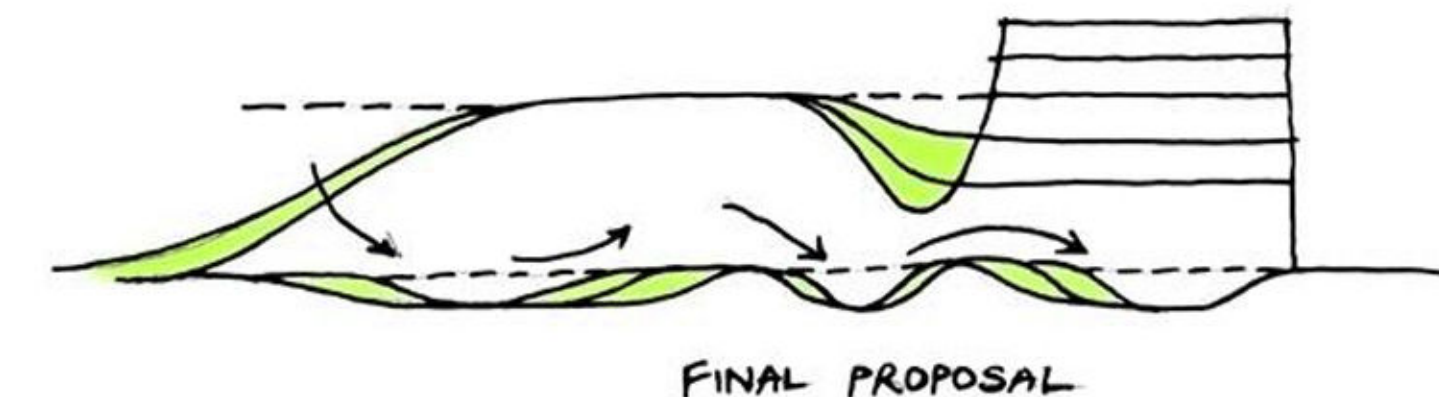

Bring a museum and a hotel to the site. Create contrast between classic and modern architecture. Capture the contrast in St.Kilda, make this area become really unique

- Useful program
- Missing a friendly public space for the community

INVITE THE PUBLIC BACK

Invite the public back to the site by creating a community space. Terracing idea to bring more nature elements to the space and create piezoelectric walkways, bring renewable energy to the community.

FINAL PROPOSAL

A new design proposal to bring more program to the site, both commercial and community-public space. Create a multi-functional space that make St.Kilda really unique and friendly to the community.
