

After scanning a QR code, you can give a speech on "How to protect the Earth" and upload this audio file. This audio file, as well as other files uploaded by other visitors, will be randomly and continuously whispered in the speakers set in each sculpture. It sounds like people from different countries are praying for a common goal in different languages. This is a sacred and touching scene.

GUARDIANS

We invite visitors to be part of the landscape , To be a guardian ! Just stand in front of the wings and open your arms. It is a symbol that people from all over the world can stand together to overcome the problem of environmental degradation. Visitors will like to take photos and share these images via social media such as FB、INS to make more people aware of the importance of protecting the planet.
