

SEVEN STARS TOWER

THE SEVEN-STAR TOWER IS COVERED WITH SOLAR PANELS WITH A HEIGHT OF 40 METERS IN THE CENTER OF THE CITY OF MASDAR. THIS TOWER IS ALSO THE LARGEST SUN CLOCK IN THE WORLD. IT IS ALSO VISIBLE FROM THE FARTHEST POINTS THROUGHOUT THE DAY, AND AT NIGHT IT SHINES LIKE THE SEVENTH STAR. ITS BROKEN STRUCTURES CREATE A FACE ON THE ONE SIDE THAT LOOKS UPWARDS, WHICH IS AN ALLEGORY OF PRAYER AND PRAYER, AND ON THE OTHER SIDE IT LOOKS LIKE A FIGURE THAT IS AN ALLEGORY OF GOD.
