

#### LOOK UP!

Inside of the Palm Pods, a simple yet beautiful woven structure supports the photovoltaics above. The filtered light supports a variety of fruit trees and food crops.

#### WRAPPING PAPER

The Paper Tower's proximity to world-class R&D companies and institutions offers unique opportunities for the display of collaborative work. Additionally, the flexible gallery bestows the city with a signature new space, perfect as a stop on the annual Abu Dhabi Festival.

#### SALTY & SWEET

The Lagoon takes advantage of the site's high water table and salty conditions to create a habitat for Abu Dhabi's Gray Mangrove ecotype.

#### THE SHADE OF THE MANGROVE

The Mangrove Bridge's light-filtering PV canopies, offer respite beneath their cool and shimmering footprint. Walking the dog, enjoying a care-free picnic celebration, or honing jiu-jitsu technique are all possibilities under its shaded forms.
