

# SOLAR HELIX

SOLAR HELIX hopefully can be Masdar City's icon as an independent city. Also acts as a landmark that functioning as a public space and city's park and garden besides its exceptional function as an energy generator. SOLAR HELIX will be the heartbeat of energy icon in Masdar City where the citizens can gather and have a walk there. So this object will not only acts as an electrical energy generator but also acts as human energy connector. By that, we dream that these designed area will be a more lively place in the city.
