

IDEALOGY

This is where my starting point of this design
In which I inspired by the symbol or emblem
Of UAE and then started to abstracting without
Losing its unique characteristics.

SITE PLAN

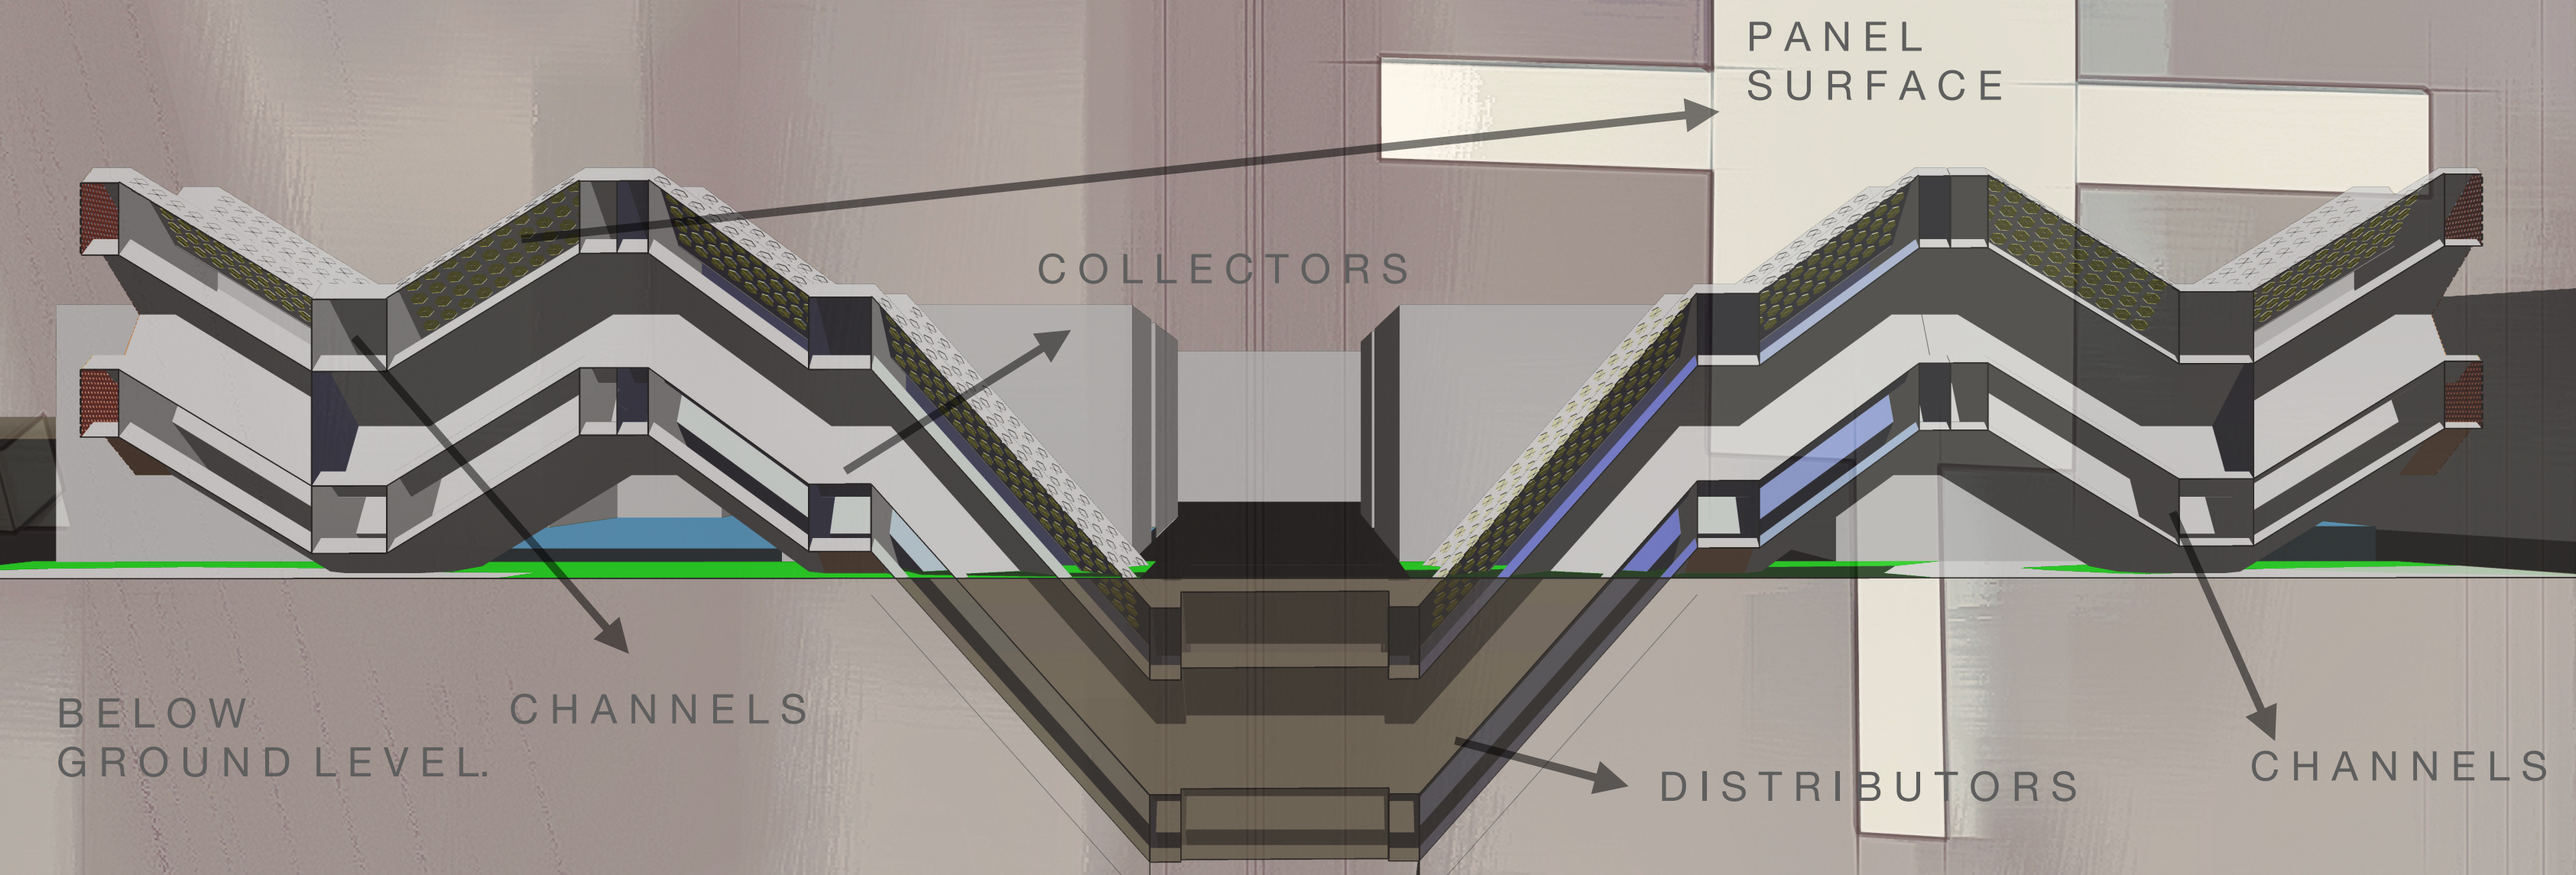

HEXAGONAL SOLAR PHOTOVOLTAIC PANEL

These are easily available Commercially ultra high efficiency
modules or panels which has been warranted and supported by
Many reputable manufacturers around the globe. In this design
I had created a character in my form for this Solar PV panels can
be installed, There are exactly 7,450 panels in count, An single
Unit can produce 1KW of electricity in four hours.

SITE SECTION

SOLAR PV → COLLECTOR → CHANNELS → DISTRIBUTOR
