

NEBULA

Nebula functions as a starseed that can support Fly Ranch as a continuous center for future innovation

HEMP HOUSE

A community-built home of recycled materials with kitchen, sleeping, and communal living, capable of producing its own food.

USING WASTE (OLD TIRES)

OCULUS

"Meet me at the Fountain" will be a common phrase heard across Fly Ranch. A kinetic wind sculpture of feathers float between the fountain and oculus to passively direct the air and connect the people beneath the parasol to the exterior environment.

TO BLACK ROCK CITY

TO PARKING

CIRCULAR DEVELOPMENT

Native American custom of adaptable living spaces influence the scalable mushroom village which can adapt to the needs of the users.

FLEXIBILITY OF THE SPACE

The mushroom field grows organically with the demands, the user-friendly mechanism allows groups to transform the kinetic structure from open to close for continuous adaptation.
