

TRINE

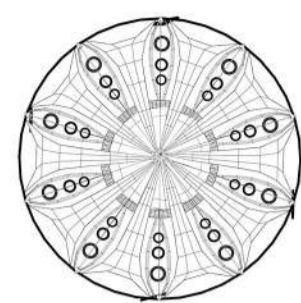

Welcome to the village of the future. Sustainable living at Fly Ranch, Nevada.

With a circular nature, the goal of Trine is to immerse its inhabitants into its environment, making it as congenial and exciting as possible. Adapting to its extreme and contrasting seasons with affordable and eco-friendly facilities, made to last decades.

A wide, white rock pavilion with ornamental light pillars lead to the center of Trine, where the biggest structures stand at, towering and representing the future of Burning Man.

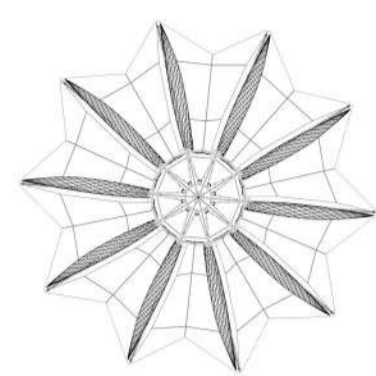

TEMPLES

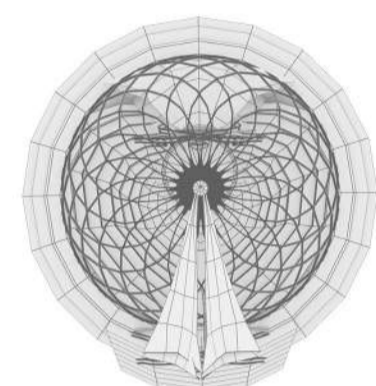

WATER TOWER

A 65ft water tower creates shade at the center plaza, with an elegant and spiraling structure. It also provides running water to all buildings at Trine.

OBSERVATION TOWER

The landmark of Trine, with an observation deck at 70ft above ground. Having an spectacular view of Hualapai Flat and the village. It also provides shade for those who want to rest in the open air.

TRINITY DOME

An elegant and circular amphitheatre serves as a meeting point of celebrations, ceremonies and workshops for all visitors and inhabitants.
