

VIEW FROM THE SOUTH

SUPER HOUSE IS A HIGH-TECH ECOSYSTEM CREATED ON THE LAKE SHORE. SUPER HOUSE COLLECTS ENERGY AND USES IT TO SUPPORT THE LIFE OF THE ENTIRE ECOSYSTEM. EVERY DAY, THE ENERGY COMING FROM THE SUN WILL GIVE LIFE TO THE ENTIRE MEGASTRUCTURE. THE ROOF OF THE STRUCTURE IS BOTH A SHELTER OBJECT AND A ROADBED, A HOUSE FOR NOMADS. THE SUPER HOUSE CONTAINS FREE-STANDING RESIDENTIAL MODULES ON THE PLATFORM AND RESIDENTIAL APARTMENTS AT GROUND LEVEL. THE SUPER HOUSE IS COVERED WITH A MULTIFUNCTIONAL MEDIA FABRIC THAT IS DESIGNED TO COLLECT SOLAR ENERGY AND PROJECT VARIOUS IMAGES. THE SPATIAL STRUCTURE OF THE HOUSE HANGS OVER THE RESERVOIR, THUS PRESERVING THE NATURE OF THE SITE.
