

Activities

Each proposed activities includes different Vibranergy module scalability configurations

Proposed activities

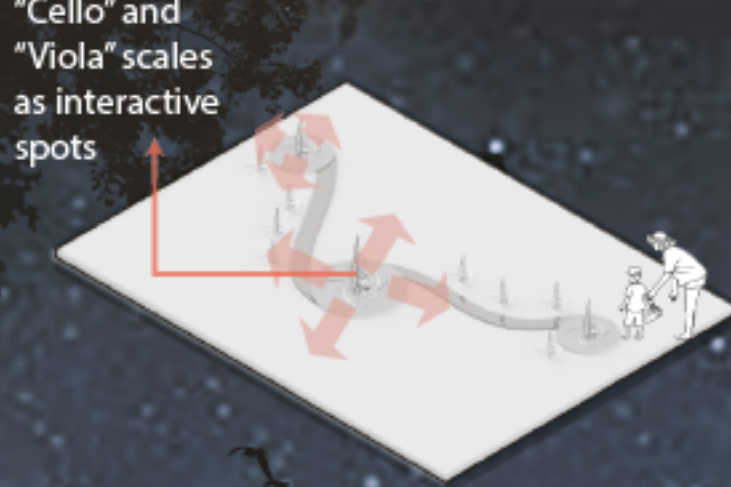

- 1. Dance platform
- 2. Outdoor gallery
- 3. Skate park
- 4. Yoga square
- 5. Crop support and follow-up spots
- 6. BBQ-Picnic zone
- 7. Outdoor Gym
- 8. Sports circuits-Along bike line
- 9. Dogs park

Dance Platform

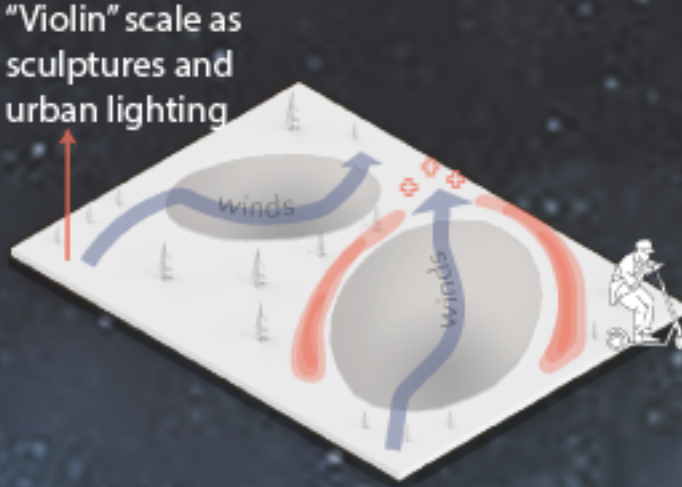

Located in greatest wind concentration spots

Outdoor Gallery

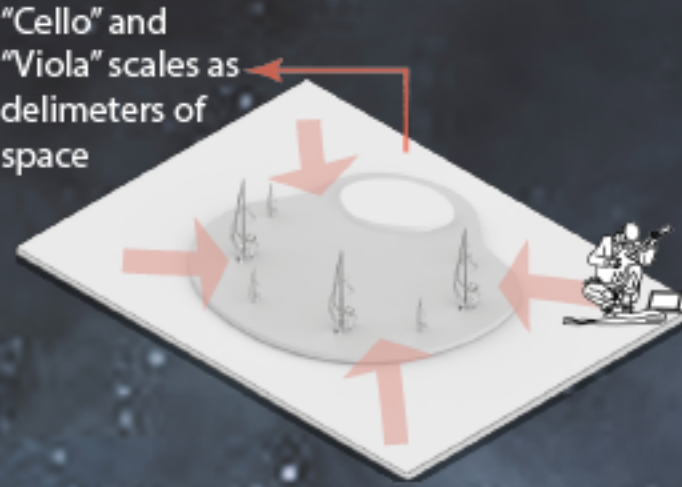

Street exhibition belts in the areas of larger pedestrian concentration

Skate Park

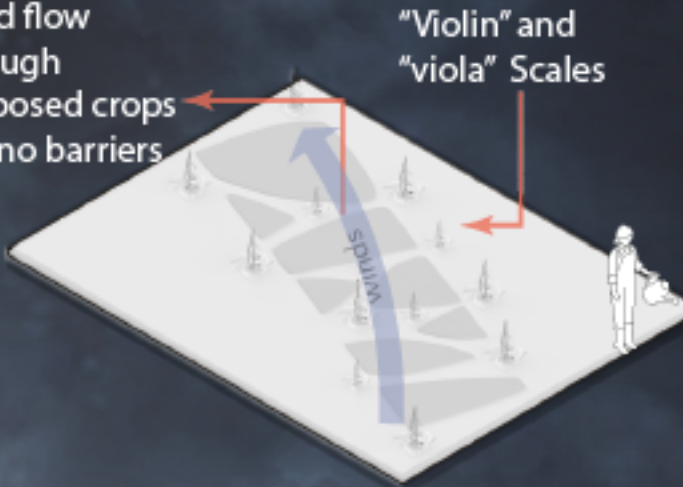

Unevenness in the topography increases the speed of the wind (Venturi effect)

Yoga Square

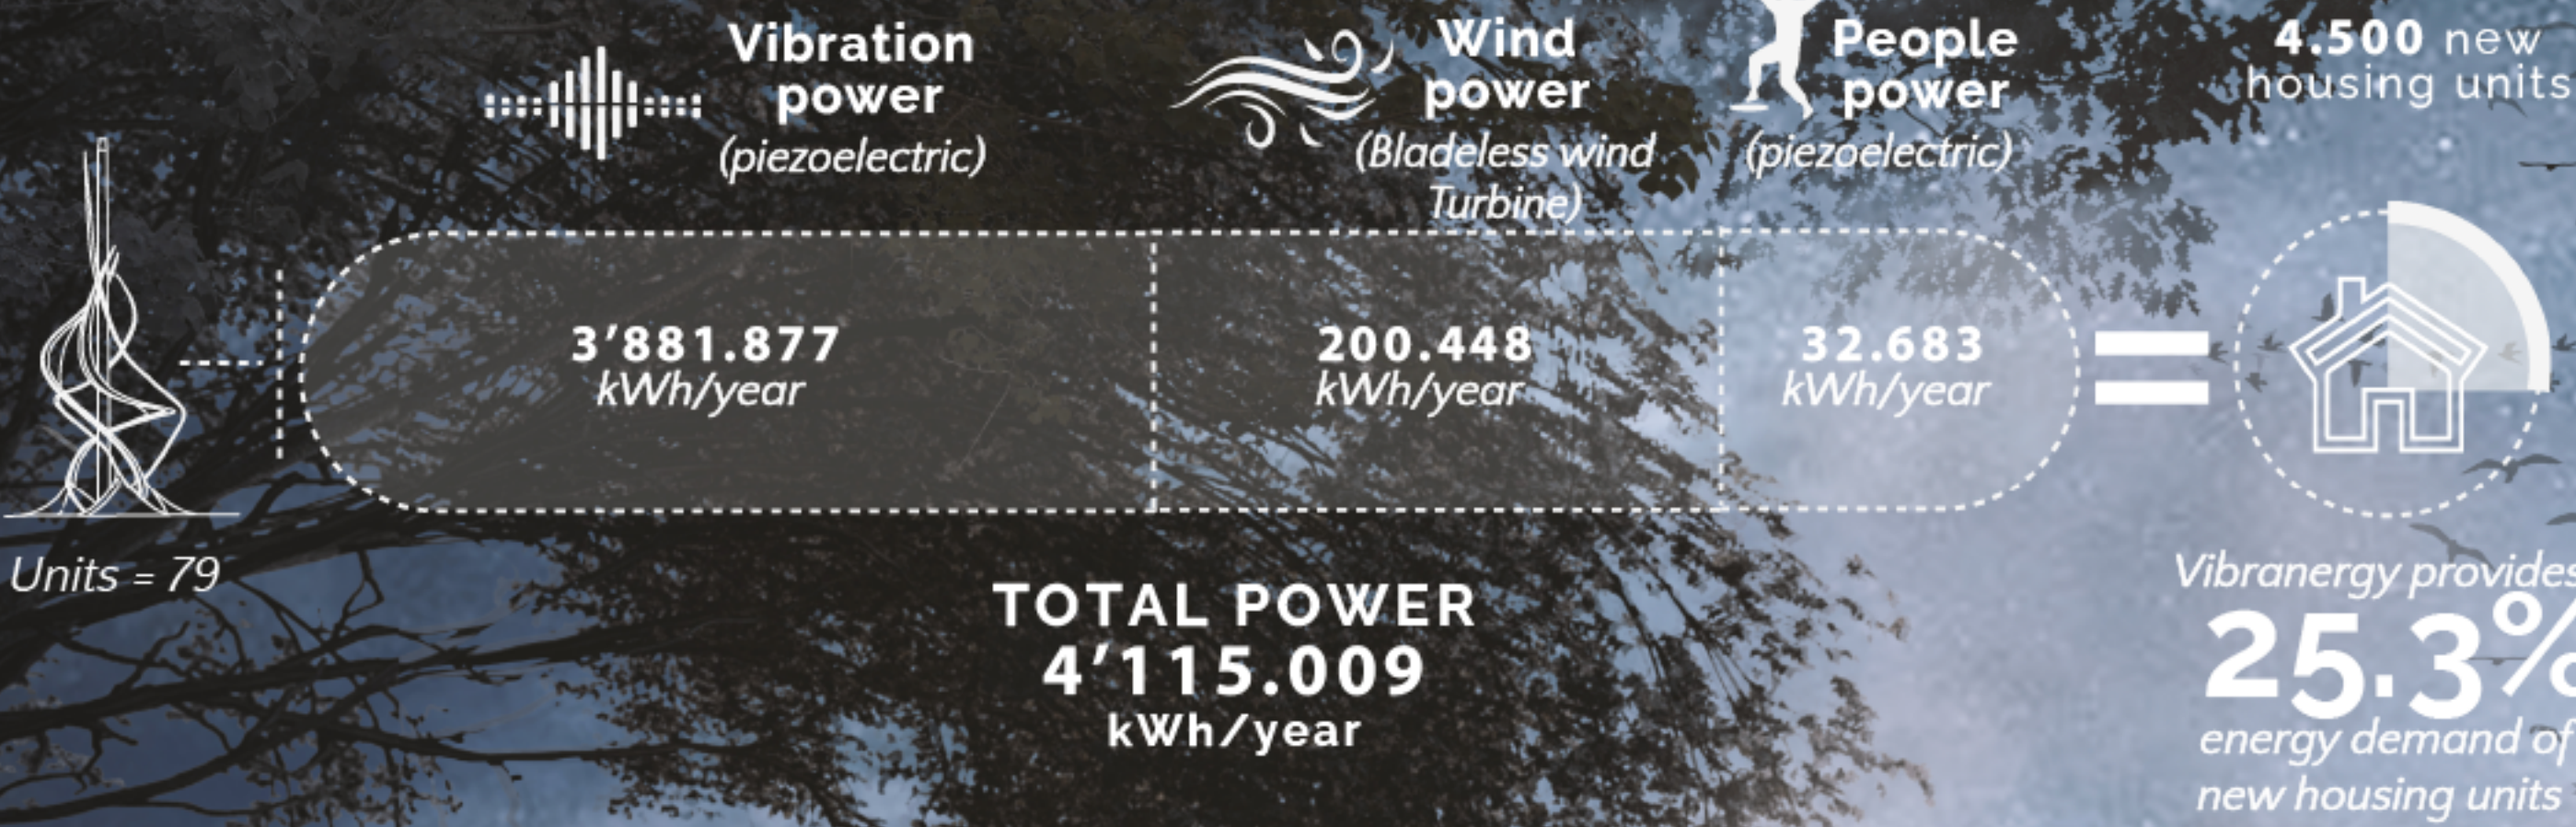

Relaxing activities in the company of Vibranergy.

Crop support and follow-up spots

Vibranergy provides vibration frequencies to the irrigation system that improve the growth of plants

Power Estimation

Annual Wind Behavior And Occurrence

Advantages
